Market Partially Throws Off Restraint Imposed By Labor Troubles

NEW YORK, Aug. 18.—The stock market today threw off to a large extent the restraint that has been imposed on recent dealings by labor troubles, and moved steadily forward to higher levels. Creation of new records for the year by United States Steel common and other leaders imparted a better tone, despite the intermittent weakness in Mexican oils. Sales approximated 675,000 shares. The closing was irregular.

Strength of industrial and specialities, many of which showed gains of large fractions to two points, featured the opening dealings. Ralls were slightly irregular and relatively inactive, despite the declaration of President Stone of the railroad engineers that the railroad strike must be settled in the meetings here. Allied Chemical and Northern Pacific each broke through to new peak prices in the first 15 minutes of trading. Chandler jumped two points and gained a point or more were scored by Barnsdall "A" and "B", Standard Oil of California, California Petroleum and Louisiana Petroleum. United States Steel common opened 1/2 higher at 103 1/2, and then rose to 103 1/2, a new high price for the year. Mexican Petroleum, Union Pacific and Chicago and Northwestern declined fractionally.

Buying of special stocks went on in an effort to distract attention from realizing sales in other directions. The general trend continued upward except in the Mexican oils, which exhibited pronounced weakness. Mexican Petroleum yielded 1 1/2, Mexican Seaboard 1 1/2 and Pan-American 1. United States Steel common climbed to 103 1/2, and both the "A" and "B" preferred preferred Crucible and Colorado Fuel advanced in sympathy. Active bidding also was noted in domestic oils, equipments, motors, sugars and public utilities, but trading in rails continued light. Baldwin and American Power established new high prices for the year at gains of a point or more while Public Service of New Jersey and Pacific Gas and Electric also made new high records. Additional features were General Electric, Bosch Magneto, Goodrich, American Locomotive, American Sugar, Postum, Cereal, DuPont and Air Reduction all at gains of one to two points. Call money opened at 3/2 per cent.
